

Dear FCC:

I wish to express my vote NOT to relax the current rules governing the conglomeration or consolidation of media outlets. I have listened to both the rhetoric and the cogent argument on both sides of the question.

In your role of public servant, charging you with being the stewards of the PUBLIC airwaves, maintaining what little INDEPENDENCE is left in controlling the content of the airwaves...in the interest of a well informed public...should be your guide, not any economic considerations that favor the large, media giants.
